## *Sales Tax*

2010 will see the introduction of the much talked about sales tax, which has been named as the "first year" VED rate, where purchasers of new cars emitting more than 255 g/km CO2 will be required to buy a tax disc costing £950, after which a standard rate of £450 will be applied in subsequent years. Full details of the changes are available in the VED fact sheet from the DVLA.
